

BLUEFIELDS CENTER OF FURIOUS BATTLE

Bloody Fight for City Being
Waged by Estrada and
Madriz Forces

THE GUNBOAT "PADUCAH"
HOLDS KEY TO SITUATION

Consuls Demand Protection for
Foreigners—The Customs
House Bombarded

BLUEFIELD, May 25.—(Wireless to Colon)—Juan Estrada, the Nicaraguan revolutionary leader, is fighting in the last ditch today to prevent the capture of the customs house on Bluefields, overlooking Bluefield. This position is considered the key to the city. The gunners' duel began last night and is on today.

The Madriz forces have repeatedly charged Estrada's position. If Estrada surrenders, Madriz will ask Commander Gilmer of the American gunboat Paducah for permission to enter the city. If permission is refused he will probably attempt to take the city by force.

Fall of City Seems Inevitable. The fall of Bluefields seems inevitable. Although the desperate rebels have been successful in repulsing a dozen charges, their position is such that it is believed they cannot hold out much longer.

The Madriz forces are rallying for another attack. Reinforcements have been rushed to their position. The next onslaught will be the heaviest of all, and those inside the city believe the Estradas will be forced back. Five hundred men were landed last night below Bluefields, below the city from the Madriz gunboat Venus. They are bombarding the customs house and raking Estrada's position with a heavy fire from light field guns.

Americans are playing an important part in the defense. General Estrada's position. The deadly fire of their machine guns has been instrumental in turning all attacks so far. The roar of battle is plainly heard here, and terrorized women and children are thronging the streets. Many foreigners are seeking the protection of their consulates. The foreign consuls will issue a proclamation if the city falls, that the foreigners' rights must be respected, and that any violence will be considered a warlike move by the home government.

The American gunboat Paducah holds the key to the situation. The Americans stand between the city and pillage, according to the belief of the residents. Commander Gilmer is firm in his declaration that he will not permit Madriz's soldiers to enter the city, and a clash with them is not unlikely.

A heavy loss of life is reported at the customs house, where the battle is raging. The Madriz forces have suffered the most. A continuous procession of wounded Estradans are being carried here.

ALARM SAVED MANY LIVES IN BIG FIRE

Workmen Fled From Fireworks
Factory Just Before Ter-
rific Explosion

SEATTLE, May 25.—Every workman in the Hitt Bros. Fireworks factory, of Columbia City, a suburb of Seattle, had fled from the building just two minutes before a terrific explosion wrecked half of the plant today.

A workman saw smoke pouring from a packing room and gave the alarm, permitting scores to leave the building, and undoubtedly saving dozens of lives. The only injury sustained was by Bessie Moore, an employee, who jumped through a window, receiving severe cuts.

JUVENILE COURT TO CORRECT AND LEAD

Not to Punish—Flexner Would
Have Nation Movement—
Evils of Alcohol

ST. LOUIS, May 25.—Urging that all semblance of criminality be eliminated from juvenile courts, Bernard Flexner of Louisville made the principal address at today's session of the National Conference of Charities and Corrections.

Flexner declared that the juvenile court was a correctional institution and its purpose was to teach and provide home influences for boys instead of to punish. He declared for a national movement to this end.

B. B. Burditt of New York declared that alcohol is responsible for one-third of the insanity and forty per cent of the epilepsy of the country.

KOHLER WILL PUT UP FIGHT

"Golden Rule" Chief of Police
Denies Charges—Johnson
Promises Aid

CLEVELAND, May 25.—Chief of Police Fred Kohler was suspended late today by Mayor Baehr, following the charges against him alleging drunkenness and gross immorality. Under the law an official investigation must begin within five days. The suspension followed a conference between Kohler and the mayor. The suspension is believed to indicate that Kohler is ready to fight the charges.

Denies Charges in Toto. Chief of Police "Golden Rule" Fred Kohler today declared that he will make a fight to disprove the charges which have been leveled against him. The charges include drunkenness, gross immorality, incompetency and malfeasance in office. A young attorney named Shoeman is sponsor for them.

"Naturally I am worried," said Kohler, "but not to the extent that I fear I can't disprove every charge and brand it as a malicious falsehood."

Kohler was characterized by President Roosevelt as "America's best chief of police." The June issue of an Eastern magazine contains a laudatory article concerning him.

Ex-Mayor Tom Johnson who visited Mayor Baehr, solicitor and banker today and met Kohler, placed his arm across his shoulders and said: "Fred, I am going away, but will come back and help you fight this thing out."

Johnson starts for New York tonight. It is reported he will give legal assistance to Kohler upon his return.

LUMBER TRUST TO
BE INVESTIGATED

WASHINGTON, May 24.—Attorney General Wickersham has begun an investigation into the affairs of the lumber trust, with a view to instituting action against it under the Sherman anti-trust law.

While the investigation is directed against a score of concerns, the probe is being inserted specifically into the \$10,000,000 combine through which, it is alleged, the white pine industry is under control of a coterie of lumbermen with headquarters at Chicago.

According to the astronomers Halley's comet will not be visible until August or September next.

KATAHDIN SUNK IN POTOMAC WASHINGTON, May 25.—The United States harbor defense ram Katahdin has been sunk in the Potomac river by a misdirected shot fired in target tests.

WASHINGTON, May 23.—After repeatedly denying any knowledge of the sinking of the ram Katahdin during target practice on the Potomac river, the Bureau of Ordnance today issued a statement explaining the accident. The Katahdin was towing a target at which the other ships were firing shot nosed projectiles, testing their capacity. A shell struck the ram on an unarmored portion below the water-line and she sank. Efforts are now being made to raise her.

HADSALL AND GETTY ARE MINORITY MEN

Thomas and Turner Added to
Majority Five of Former
Sugar Board

COMMITTEE REPORTS
ON RIGHT-OF-WAY

Pipeline Will be Completed
Within Sixty Days, Said
the Secretary

The board of directors elected yesterday afternoon at the annual meeting of the stockholders of the Southern California Sugar Co. are F. H. Case, D. H. Thomas, Dr. H. S. Gordon, J. A. Turner, Dr. J. M. Raugh, F. P. Nickey, R. J. Blee, A. Getty and H. S. Hadsall.

Of these, the first seven were elected by what has been known as the majority membership of the old board. D. H. Thomas and J. A. Turner were added by the majority interests.

The minority members, James Irvine, James McFadden, R. T. Harris and J. A. Crookshank, retired. They had it in their power to elect two members of the new board, and they did elect two, A. Getty and H. S. Hadsall.

Roll call yesterday showed 4793 shares of stock represented in person or by proxy, the total shares issued by the company being 5000. The majority representatives controlled fully 3000 shares by proxy. The Case, Hinze Co. stock, of course, was cast with the majority. The minority had about 100 by proxy.

James Irvine, president of the former board, presided at the meeting. The new board of directors meets this afternoon for organization.

The committee of four, J. A. Turner, D. H. Thomas, S. H. Finley and C. A. Riggs, appointed at a special stockholders meeting several weeks ago to act with the board of directors in securing a right-of-way for the disposal of sewage, made its report through its secretary, C. A. Riggs. The report stated that the committee had interviewed James Irvine and James McFadden and had been unable to get any concessions from them. It had failed to get a right of way from the Pacific Electric. However, a satisfactory right of way had been obtained along Delhi road, and within forty days the pipeline would be completed and would be ready for the starting of the factory's campaign.

CONFESSION NOT BOUGHT BY PARDON

Spitzer Halted Impugning of
Motives by Statement of
His Position

NEW YORK, May 23.—An attempt by attorneys defending Charles R. Heike, secretary of the American Sugar Refining Co. to impugn the motives underlying the testimony of Oliver Spitzer, the convicted sugar trust employee, recently pardoned, was checked today by Spitzer's declaration that his testimony was not given in exchange for a pardon. Heike is being tried for his alleged connection with the recently bared sugar-trading scandals. Spitzer said today:

"Conscience made me tell what I knew. I had served three months in the Federal prison at Atlanta when I decided to confess. My pardon was handed me when I arrived here."

Spitzer testified that the weighers at the sugar docks received three dollars weekly above their salary for their frauds.

SPAIN FEARS REVOLUTION

Plot to Kill King and Queen
Leads to Doubling of the
Palace Guards

MADRID, May 25.—The revelation of a plot to kill King Alfonso and Queen Victoria caused the doubling of the palace guards today. The death of Callemayor by suicide, following the premature explosion of a bomb that he was carrying early this week, frustrated the attempt of the police to probe the existing plot, but in his effects was found data corroborating the belief that such a plot exists.

The police reserves are being prepared throughout the country in fear of a general revolutionary demonstration.

INSURGENTS MAY FORCE CANNON'S HAND

Radicals Wish Fight Thrashed
Out During Present Ses-
sion of Congress

IF NOT SPEAKER WILL BE
LIVE ISSUE OF CAMPAIGN

Caucus on Postal Savings Bank
Tonight Will be Mostly of
"Regulars"

WASHINGTON, May 25.—Tonight's caucus will probably result in being a "regulars" conference. Many of the insurgents declared today that they will not attend the caucus, and it is believed that none will be present when the postal savings bank bill is discussed. One "regular" said today: "The real postal savings bill will be framed at tonight's caucus. The present measure is only a postal savings bank measure. Only two factors are included, the government and the depositors. Tonight politics will be added as was done in the senate where the bill includes a third party—the bondholders and others."

If Cannon can be saved until the end of the present session of congress he will be an "issue" in the coming congressional campaign, according to the declaration today of a well known "progressive." The more conservative insurgents, it is reported, favor avoiding an actual clash with the speaker and are withholding a concerted attack until election. The "conservative insurgents" fear a bomb will be exploded before election. When the postal savings bank bill comes up for discussion in the house, the radicals will have every opportunity to precipitate a crisis. It is apparent they will not support the postal savings bank bill and many of them want the battle with the speaker ended during this session. Many representatives hold the opinion that the regulars' action on the bill in the caucus tonight is the key to the entire situation.

DEFENSE RESTS IN TRIAL OF SEYLER

Accused Tells of Drugged Cigarette Given Him and of
Police Methods

MAYS LANDING, N. J., May 25.—It is expected that the defense in the case of William Seyler, who is being tried for the alleged murder of Jane Adams, aged 19, will rest today. Seyler from the witness stand told a straight story of his walk on the Atlantic City pier with the girl, from which she never returned.

He declared he was given a drugged cigarette during the inquest and does not remember his testimony. He further stated that he was induced to sign an incriminating statement by Detective Robert Morris, who said the statement would clear him. This alleged statement and the "third degree" underwent by Seyler, caused a congressional order for investigation of American police methods. After Seyler's testimony, the defense rested and the prosecution began summing up.

DISTINGUISHED OFFICER IS DEAD

Capt. John Pembroke Jones
Was Officer of "Merrimac"
In Fight With Monitor

PASADENA, May 25.—Captain John Pembroke Jones, who was the oldest living graduate of Annapolis Naval Academy, died here today, aged 80 years. He graduated from Annapolis in 1847 and was a veteran of the Mexican war.

He was the executive officer of the Confederate "Merrimac" in its second fight with the "Monitor," and was late commander of the iron clad "Georgia." He was the father of Pembroke Jones, a member of the New York and Newport "Four Hundred."

IS PRICE FOR IT TO HIGH?

Some Talk Concerning the Pro-
posed Purchase of Old Dr.
Head Place by County

There is considerable interest being expressed in the choice made by the Board of Supervisors of a site for a county hospital and poor farm, and a number of men have been heard to say that they believe the board proposes paying more than the land is worth.

The offer made to the board is the forty-two acres of the ranch at Buaro formerly owned by Dr. H. W. Head. The price is about \$400 per acre. The land is owned by H. H. Lewis, who lives upon the place.

A. E. Stockslager said yesterday that he believed \$400 an acre was too much. Other lands a little further from the electric road could be had for far less per acre.

Supervisor H. E. Smith said yesterday that the price is not too high when compared with other lands around the place. He said there is a good pumping plant on the place. The house, so far as county hospital purposes are concerned, might as well not be there. He said the land is first class.

In view of the county hospital, poor farm and detention home matters now occupying some attention in this county, the following from San Bernardino in regard to similar matters there will be of interest:

"S. B. Parish is the latest to offer a hospital, county farm and juvenile home site. Today he placed with the supervisors an offer of his home place, comprising 100 acres, on Waterman avenue, near Olive street, for \$15,000. The lands are in both a moist and dry area. There are three wells, a 12-horse power pumping plant, with 50-inch flow of water, 3000 deciduous fruit trees and a large California house."

LOS ANGELES GIVES \$1000 FOR ELKS TRIP

LOS ANGELES, May 24.—Los Angeles and Southern California will send a great delegation of Elks to the annual national reunion of the order in Detroit in July.

The supervisors of Los Angeles county at their meeting yesterday appropriated \$1000 toward aiding the Elks of Southern California in organizing a great boost movement which will sweep east and make itself felt in the Detroit convention. This money will be added to donations received from San Bernardino, Riverside and Orange county, \$5000 in all, which will be spent in boosting for Southern California.

WIDOW PETITIONS FOR LETTERS ON THE TRAVIS ESTATE

Minnie B. Travis has petitioned the superior court for letters of administration on the estate of her husband, Lovell C. Travis, who was killed on April 10, his automobile being struck by a Southern Pacific engine at the Stafford street crossing. The estate consists of real estate and personal property worth \$1000. The widow and four children are the heirs. Clyde Bishop is attorney for the petitioner.

The home place near the race track was deeded to Mrs. Travis before Mr. Travis's death.

ACCUSES HIM OF ASSAULT UPON HER

Local Automobile Agent Taken
to San Bernardino to Face
Woman's Charges

SHE WAS ON WAY
TO HER DYING BOY

Brutal Remarks and Criminal
Treatment Alleged Against
G. D. Bailey

G. D. Bailey, local agent for the Brush automobile, was arrested here yesterday afternoon at 5 o'clock by Deputy Sheriff Wilson on a charge of assault upon Mrs. Charles Lawson at a point four miles from San Bernardino. Bailey was taken to San Bernardino this morning by a deputy sheriff of that city.

The accusation made by the woman is denied by Bailey.

Mrs. Lawson is matron for the insane patients at the county hospital. Monday she went to the asylum at Patton with Los Angeles officers as attendant upon women patients being taken to the asylum. Arriving in San Bernardino Monday evening after all trains had gone, Mrs. Lawson received a telephone message that her 4-year-old boy was dying.

The officers with Mrs. Lawson raised \$10 among them and hired Bailey, who was in San Bernardino, to take her to Los Angeles.

The officers have since learned that Bailey had been drinking, but at the time they hired him they did not know it.

Mrs. Lawson says that when about four miles from San Bernardino Bailey turned off the main traveled road on to a by-road. The remarks alleged to have been made by Bailey to her were both brutal and indecent. When Mrs. Lawson rejected his proposals, she says Bailey seized her by the arm and tried to pull her from the automobile, tearing her jacket.

Mrs. Lawson broke away and ran. She had not gone far when a ride was given her in a buggy, and she arrived in San Bernardino shortly after 12 o'clock. Another automobile was procured, and she was taken to Los Angeles. Her boy died at 1 o'clock before her arrival.

Bailey denies that he assaulted the woman. He has admitted that he was drinking some. He says he got off the road by accident, and the automobile was stuck in the sand. The woman refused to wait while he went to a near-by farmer's house for assistance. Bailey says she disappeared. He got help, and spent the night in a farmer's barn. He says he went to Colton and from Colton came here, arriving a few minutes before he was arrested.

Bailey was charged with a misdemeanor. It is understood that a more serious charge will be placed against him in San Bernardino.

Mrs. Lawson's husband is in an insane asylum. She lives at 425 California street, Los Angeles.

Bailey is a married man. He has been in Santa Ana but a few weeks. He is a big man and rode about demonstrating a small automobile, the Brush.

\$12,000 LOSS IN HOLLYWOOD FIRE

Residence Section of Foothill
City Was Menaced—Water
Supply Was Off

HOLLYWOOD, May 25.—Three houses were destroyed and one badly damaged as a result of an early morning fire that threatened a large residential section of Hollywood today. The fire department was unable to get water and the flames were finally stopped by chemical apparatus. The burned houses were the property of Knowles and Stites of Los Angeles and were valued at \$12,000.

NEILL ESTATE IS \$100,000

Widow Under Will Filed for Probate to Receive One-third of It

Los Angeles Paper Tells of Withdrawal of the Kiefhaber Divorce Action

Attorney Clyde Bishop has filed for probate the last will of Henry Neill, a pioneer of this city, who died a few days ago in Los Angeles. The will was filed in Los Angeles county. Under the will the widow, who lives here, will receive one-third of the estate, valued at \$100,000, part of it business property in Santa Ana.

The will was written by Neill on Jan. 5, 1907, and was found in his safety deposit box.

The Los Angeles Times has the following:

All the materials of a romance were in evidence in Judge James' court yesterday, when Attorney Tobias R. Archer, representing L. E. Kiefhaber in an action brought for divorce from Lillie Neill Kiefhaber, asked that the case be dropped from the calendar. This was done.

At about the same moment Clyde Bishop, a Santa Ana attorney, filed the will of Henry Neill, one of the solid financial men of that city, who died on the 15th inst., leaving an estate of \$100,000 to be divided among his heirs, among whom is Lillie Neill Kiefhaber, who was defendant in the divorce action on the floor above.

Attorney Archer was asked if there was any connection with the two events, but he declined to be interviewed on the subject, saying that

his position as counsel for Kiefhaber was such that he was not privileged to talk.

It was suggested that perhaps since it became apparent that the wife was about to receive property valued at about \$25,000, the husband had concluded to kiss and make up, and live happily ever after, but the attorney parried the query and refused to talk.

The will of Henry Neill, filed for probate yesterday, divides his estate among his widow and three children. Mary J. Neill, the widow, receives one-third, and the remaining two-thirds is divided share and share alike among Walter Neill, Lillie Neill Kiefhaber, Ida Neill Beazley and May Neill. There is no schedule of the property, the only statement being that the value of the holdings of the testator is not in excess of \$100,000.

Lillie Neill and L. E. Kiefhaber were married in Santa Ana, the Neill home, in 1892. According to the allegation of the petition filed by the husband, she deserted him in April, 1907. There is nothing in the complaint except the stereotyped statement regarding desertion, and no details of the severance of the marital ties. They have no children.

BLOOD DRAWN FLOWS IN MINERS STRIKE; 3 KILLED AND 2 HURT

WICKESBARRE, Pa., May 24.—The first blood was recorded today for the state constabulary in the miners strike in the bituminous coal district of Western Pennsylvania. The troops shot three men, killing one and fatally injuring two others. The constabulary's quick action quelled the riots in the vicinity of the Pennsylvania Coal Company's mines.

Twelve hundred men are striking. It is feared they will attempt revenge for today's shooting.

WANT IT ON GRAND AVENUE

Juvenile Court Committee Prefers to Have Detention Home There

Is Not Favorable to Putting It in County Hospital Tract

The Juvenile Court Committee is strongly in favor of establishing a detention home on the Grand Avenue school grounds, remodeling the building now on the premises. Yesterday the committee voted a resolution to the effect that it prefers this location and the proposed arrangements to the suggested plan of the supervisors that the detention home be placed upon the proposed county hospital and poor farm tract.

The Juvenile Court Committee, on which are C. R. Smith, A. J. Visel, Mrs. Ed. Tedford, Mrs. W. M. Smart, J. J. Zellian, A. C. Newell and A. H. Sisson, met yesterday afternoon with Judge West and Probation Officer J. H. Scott in Judge West's chambers. The purpose of the meeting was to consider the suggestion of the chairman of the Board of Supervisors that the detention home be established on the hospital tract, proposed to be purchased by the county.

After talking the matter over, the committee visited the Grand Avenue building, and it was the opinion of each member that in location the place was much to be desired, while the cost of rearranging the building to make it suitable for the juvenile work would not be great. It was the sentiment expressed that the plan of the committee was more desirable for the work of the juvenile officers than is the plan of the supervisors.

It was decided to present to the Board of Supervisors the views of the committee in the matter, and ask for favorable action, with the end in view of establishing a permanent detention home on the Grand Avenue grounds.

FOREST RANGERS MAKE FIRE GUARDS

MONROVIA, May 24.—As a rancher plows a fire guard around his hay ricks, so Federal rangers are putting a barrier of ragged furrows around the forests on the watersheds of the Sierra Madre range.

From Santa Anita to Monrovia Canon the thirty-foot fire break cleared along the crest of the frontier hills two years ago is being plowed and cleared of the winter's growth of weeds and brush. Heretofore clearing has been done by hand, but the plow is quicker and more effective in the permanency of results. The work is being done under Assistant Forest Supervisor E. B. Long and Ranger Ivo Reed of the Monrovia-Arcadia-Duarte district.

It is expected that rangers will be ordered to regulate patrols about June 1 and the clearing of fire breaks and repair of trails is being pushed. An additional man is needed for this district, but the government appropriation is not sufficient to pay the wages. "The Committee of Nine," representing the several irrigation companies controlling the distribution of San Gabriel river water, has been asked to meet the deficit. No committee meeting has been held since the request was made but it is unofficially stated the money will be voted.

FAMED GEOLOGIST DIES IN BERKELEY

Going There for Degree Aged Man Contracts Fatal Attack of Pneumonia

BERKELEY, May 23.—William Phipps Blake, the geologist died yesterday at Berkeley of pneumonia. Dr. Blake's home was in New Haven. He was at Berkeley with Prof. Jarvis Brush and William Henry Brewer of the Sheffield Scientific School of Yale, to receive with them the degree of L.L.D. The aged geologist received the degree and took cold at the exercises. Pneumonia developed and he died after a short illness. He was 84 years old.

Echoes From the Johnson Campaign

Everybody—or nearly everybody—is agreed that if there is a political "machine" in this state that dominates and prostitutes our politics and public service it ought to be put out of business. And "Jack" Eshleman, candidate for railroad commissioner of this district, says he knows there is a machine, because it has run over him—

JOHN M. ESHLEMAN

the race-track gambling issue—how he was cajoled and threatened when he introduced and pushed his anti-race track gambling bill—how Frank Leavitt told him that if he didn't let up on that bill the University of California appropriation would be cut off—how, when he was running for district attorney of Imperial county Walter Parker went to Tucson and told Eps Randolph to turn the forces of the California Development Co. (a Southern Pacific interest) against Eshleman. "They knew I would treat them fairly, if elected district attorney," said Eshleman, "everyone of them knew it. They know I will treat them fairly if elected railroad commissioner. But it isn't fairness they want; it's favoritism."

Eshleman is a brave, grainy young man, and his speeches are doing an immense amount of good for the cause of reform.

A. J. Wallace, reform candidate for lieutenant governor, is a most effective speaker. He makes good points and makes them clearly. He tells and talks of the things he knows. He was a member of the Sacramento convention, which like that of Santa Cruz had an attorney of the Southern Pacific for its chairman—Judge J. W. McKinley at Santa Cruz and Geo. A. Knight at Sacramento. He tells how the present railroad commissioner from the Los Angeles district was a former member of the Los Angeles

city council on which Wallace served and how he voted to give the Southern Pacific the famous "Riverbed" franchise, worth a million and a half dollars and was only prevented by an honest and courageous city clerk.

Incidentally Wallace tells us that 142 California newspapers are supporting Johnson for governor, while no other gubernatorial candidate has even 40 newspapers—and newspapers reflect public sentiment.

A contemporary complains that neither the Lincoln-Roosevelt Republican League nor its candidates have pointed out any real grievances in the way the administration of the state has been conducted, but have contented themselves with "mere rhetorical denunciation of individuals and of more or less imaginary political ills." So? Is it, then, no real grievance that the government of California is not permitted to be of the people of California, but rather by mercenaries in the pay of the political bureau of the Southern Pacific Company and allied interests? Is it no real grievance that the one litigant in all the courts of California has had a predominating influence in naming almost the entire appellate judiciary and a good part of the judges of courts of first instance? Is it no grievance that the State Board of Equalization has ever been held an affiliated and dependent arm of the aforesaid political bureau and that every legislature for more than a generation has been herded, led and manipulated likewise? Are the people not rightfully aggrieved that the State Railroad Commission, to whom the people looked for the establishment of justice between carriers and their patrons, has for thirty years been looked upon as a safe niche in which to tuck away serviceable retainers that they may wax fat at public cost while performing little service? Is it not a grievance that public patronage, in the approximate sum of a million dollars a year, is devoted, in great measure, to paying retainers of the Southern Pacific's Political Bureau for services rendered the Southern Pacific's Political Bureau instead of for services rendered the People of California? Is it no grievance that efforts made to take the judiciary out of partisan politics were defeated by the partisans of this corporate political bureau? But if there were no grievance other than that of corporate domination of parties and state, what man is there in party or state who will not proclaim that grievance sufficient warrant for resistance to such domination with all the forces, moral and political, that manhood may command?

John D. Works, Lincoln-Roosevelt Republican League candidate for United States senate, is a man of independent mind. He has said and written much on public affairs, and he has kept up with the times. It is possible to take the writings and sayings of any such man and, comparing them with other writings and sayings, find inconsistencies in them. This is possible with any growing man, any man who is wiser today than he was yesterday. The only man who is immune from that form of attack is the one who waits with his mouth shut tight until some boss or leader emits a sound that he may echo, until the "straight dope" is passed out from the head of some political bureau. And they are working on Judge Works! Of course it is covertly done. The Lincoln-Roosevelt Republican League is to be fought from the underbrush and not in the open, by starting injurious rumors, confessedly as rumors, but starting them often in diverse places. It is the policy of "whispering down," and if it can be followed by the aid of putative friends to the progressive movement so much the more effective. To all of which The Watchman wishes to say that John D. Works is an independent thinker, a courageous and independent-minded worker in the cause of right, and if he has had opinions of his own, and the courage to express them, even in superabundance, he will, when he goes to Washington, so supplement the lack in this particular of our senior United States senator as to raise the general average for our senatorial delegation materially and beneficially.

Mayor's Proclamation
To the People of the City of Santa Ana.

Whereas, the 30th day of May, 1910, has been set apart by law as a legal holiday for the commemoration of the services and death of those who died on the battlefield in defense of their country, I therefore, by the power vested in me by the people of the City of Santa Ana, request all business men of the city to close their respective places of business between the hours of 12 o'clock m. and 4 o'clock p. m., and join the Grand Army of the Republic in commemoration of the lives and services of those who served their country in its hour of need.

Turkish Bath Cures Rheumatism at Home

Costs But 2c a Bath, and the Body is Rid of Uric Acid Poison, With Astonishing Rapidity

Quickly Cures Kidney Trouble, Nervous Prostration and All Skin Diseases

—The Robinson Thermal or Turkish bath, taken at home, is becoming a rage. Those who have used the bath have been completely carried away with enthusiasm because of the astonishing results obtained.

Well-known physicians say that the Robinson Thermal Bath at home, is

about to become an almost universal conqueror of disease. This is not an exaggeration. Any man or woman can prove its results inside of 24 hours, in some cases 30 minutes.

In cases of rheumatism, especially, the uric acid poison is extracted from the system through the pores, almost as liquids are sucked up through a straw. Drugs merely smother the poison or ease the pain. They do not extract the poison from the body.

Just read this letter:

"I loaned my cabinet to an old friend all crippled up with rheumatism, last May. Feet, legs and hands badly swollen. He had spent some time at different Hot Springs without relief. A week ago he started in to use the cabinet, taking the steam heat in the morning and the dry heat at night, before going to bed. He kept this up a week, and yesterday and today he was as well as ever."

"GEO. A. FREEMAN,
"Mgr. Temptation Mining & Milling Co., Silverton, Colo."

Anyone can now take Robinson Thermal baths at home and at a cost of only about 2c a bath. They are the best spring medicine, too. They make the thick, sluggish blood normal, take out the impurities and cure "spring fever" right off. The only way to take these baths is by the use of the Robinson Thermal Bath Cabinet, which is a unique and marvelous invention.

The Robinson Thermal Bath Cabinets can now be seen and examined in Tustin at the Tustin Drug Store, and in Santa Ana at Rowley Drug Co. Ask the dealer also for a copy of that great book, "The Philosophy of Health and Beauty." The regular price is \$2.00, but you can get one free now for only a limited time.

If you cannot go yourself, just send your name and address to the Robinson Manufacturing Company, Suite 34, Snowflake Bldg., Toledo, Ohio, for full illustrated information, free.

THE GREAT WHITE WAY OF PEACE

The end of King Edward's nine-years' reign over the British empire reveals a different state of affairs than existed at its beginning. Every age has what historians call its peculiar "feeling," and it is a notable change that has come over the feeling of the world in the last nine years.

This change is in the direction of peaceful settlement of international differences. The war spirit has waned and is waning still. We no longer enthuse as formerly over the martial idea. A sentiment has been growing stronger and stronger in favor of preserving, rather than destroying life and property.

Gradually, though slowly, the feeling is gaining ground that it is more honorable for a nation to suffer than to do wrong. This sentiment is, of course, very slow in making headway, and necessarily lags behind the general aversion for bloodshed. But the sentiment is gaining. It is the fundamental truth on which universal peace must depend, for it is the foundation of all true civilization. It does not mean non-resistance, but simply what it says, that it is more honorable to suffer wrong than to do wrong. It does not necessarily preclude war, as war might become a grim necessity. But if this thought becomes general among the nations of the earth it will minimize the chances for war.

King Edward must have been an apostle of this idea or he could not have so impressed the world with the sentiment of peace as he did. It is a thought that no nation or ruler can afford to preach, lest other nations should take advantage of it, but it must become a strong element in international "feeling," before much progress can be made in permanent peace.

The fame of the departed king will rest largely on the fact of his having cultivated the peace feeling among the nations, and his fame could have no surer foundation. As the world becomes more enlightened the necessity for barbarous war is passing, and those who have been conspicuous in bringing this about will, by coming generations, be accorded an ever brightening fame.

The so-called "heroes," whose trade it has been to slay, will either be forgotten or remembered with disdain. Men who have waded through blood to the goal of an unholy ambition will be spoken of as we now speak of a devastating plague. But such men as Edward and Roosevelt will be hailed as the apostles and pioneers who blazed the way in which the nations shall walk—the Great White Way of PEACE.

"I think I have done the best I could," said the dying monarch, and it will be well for us all if we can in the crucial moment say as much. Approaching death is singularly illuminating, despite the fact that it is described as a shadow. Under the disillusionment it brings, we see things as perhaps we never have seen them before. For the first time we stand where no human help can reach us and face the uncompromising realities utterly alone. We see things in their right proportions and can sit in judgment on our own lives. The last words of the king were uttered under such circumstances. He did not say, "I have done the best I could," as doubtless he would have said on ordinary occasions, but that he thought he had done so.

Deathbed declarations are always taken as genuine and this will be so accepted by posterity. On its testimony judgment on the king will be rendered. It will be that, "He did the best he could," and no higher encomium can be pronounced on any man.

Referring to the march of events during the nine years of King Edward's reign, how fast the procession moves! It's no longer a march, but a gallop, or one might say an automobile race. Thought is the great trainer for this race, and now thought can travel around the world a dozen times in the same time that a hundred years ago it could mount a horse.

Figure it out for yourself: Thought can buzz ahead at the rate of 186,000 miles a second, and the time in which it can make the circuit of the globe

is only a matter of arithmetic. Thought, ideas, commands, orders, sentiments, joys, sorrow, hopes, fears and news items dart like so many flashes of lightning hither and yon, awakening, stimulating and urging men everywhere to quick action. But yesterday wireless telegraphy was only a toy—now it is a great asset in all our activities.

The Good Book tells of a day to come in the then dim future when "Many shall go to and fro and knowledge shall be increased." That time is now here, and so marvelous are its manifestations that not even the shrewdest can say what a day will bring forth. Surely! Surely! This is a marvelous age in which we are privileged to live. We are the heirs of all the ages and a goodly heritage has come down to us. But with it have come great responsibilities that we may transmit the best of it to future generations, eliminating the evil.

CONFIRMED PROOF

Residents of Santa Ana Can-
not Doubt What Has Been
Twice Proved

—In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Santa Ana, who so testified years ago, now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Santa Ana kidney sufferers.

H. C. Shaw, 917 East Pine street, Santa Ana, Cal., says: "In the spring of 1902 I gave a public statement telling of my experience with Doan's Kidney Pills. This remedy brought me great relief from kidney complaint from which I had been a sufferer and I was so pleased that I did not hesitate to testify in its favor. In 1907 I confirmed my original statement and now two and a half years later, I can say that I still hold the same high opinion of Doan's Kidney Pills. I have used them on several occasions since first learning of their value and I have found that they can be depended upon to bring relief. I have profited so greatly by the use of this medicine that it is always a pleasure to me to speak in its praise."

Attention! Apricot Growers—Your attention is called to the article in last Monday's issue. The meeting of apricot growers referred to will be called by A. C. Tiede and Frank Greenleaf, authorized for the purpose by the growers' meeting last year. At this meeting important business will be considered. Meanwhile you will do well to be in no hurry to sell your fruit at the present price offered, viz.: \$20. They should bring not less than \$30 to \$35 this year. Remember that they are worth \$20 a member that they are worth \$20 a ton to you as fertilizer, without the trouble and expense of sacking, furnishing sacks and delivering, and special care in drying. Again, if properly treated they are worth more than corn or wheat as chicken feed, which costs you \$35 to \$55 per ton. How to make them available for this purpose is a matter I have taken up with the Agricultural Department of the state of California. My own observation goes to show that cracking pits and exposing them to the heat of the sun for some days makes them innocuous. My chickens, with plenty of feed around, would hunt for bits of kernels in the pile, and they suffered no ill effect. Their food value I believe is greater than that of corn or wheat. You have observed the waste of sacks at the cracking mill, the sacks being slashed open with a knife and rendered worthless. You pay for that waste. You do not find it at the Walnut Growers' Association packing house. The profit on pits at \$20, more or less, is so large that the owners of the pit cracker apparently have no incentive to stop this waste and make the saving for themselves. Remember, you pay for it.

Last year apricot growers who held on to their fruit got 10 cents a pound, and I am informed that the price touched 11 cents. This year the shortage of the crop and market conditions justify the grower to hold for a better price. An agent of Eastern buyers is authorized to buy all he can for 8 cents, but "not to sell." You understand the meaning of that. Apricot growers must organize if they do not want to lose the value of their labor. Your apricot orchard becomes valueless if it does not bring proper returns. See last week's issue of the California Cultivator and watch for the next issue if you wish to be informed on apricot crop conditions in the state.

100 DAYS FOR SHELL DIGGER

Young James Hopkins of Sunset Beach Sent to Jail
This Morning

James Hopkins, cockle digger, is in jail again, this time for 100 days. For some time past his entire time has been divided between jail and dodging Deputy Sheriff Devinney of Sunset Beach, whose principal official duty is to catch cockle snappers who violate the county ordinance limiting a day's shipment of shellfish to twenty-five pounds.

It was but a short time ago that young Hopkins finished a sixty day sentence on his third offense.

On May 16 Deputy Devinney came upon Hopkins at his old game. Hopkins and James Scofield had 230 pounds of cockles. Scofield was caught and was sent to jail for twenty-five days. Hopkins escaped capture until yesterday when Devinney got him.

Justice Smithwick told him that he was deserving of nothing but the extreme penalty, 100 days, and that he got.

Will Give Reading

Under the auspices of the Ladies Aid Society of the First M. E. church, Rev. H. E. Murkett will read "The Scene at Grande Point" from Geo. W. Cable's novel of arcaid life in Louisiana, at Elks Hall Wednesday evening. A quartette from the Santa Ana band will play several selections as part of the program. Mr. Murkett has given this reading a number of times in eastern cities and always read to enthusiastic and attentive audiences. The following is a synopsis of the story:

Piano Solo—Miss McMasters of New York.

Chapters 1 to 5—Bonaventure enters Grande Point. An Acadian reception. A convert to the cause of education is won. The school is started by the enthusiastic ringing of the chapel bell. Cupid attends the first session.

Chapters 5 to 9—The school house described. The priest from College Point is a visitor. Dissension is started in the hearts of the leaders. The teacher and Claude, the oldest scholar, fall madly in love with Sidonie and a rivalry is started. An argument arises which results in the appointment of a day for public examination of the scholars.

Intermission.
Chapters 9 and 10—Mr. Tarbox, a book agent, enters Grande Point. He attends the public examination and judges the contest. Victory after great excitement. Cupid laughs.

Ebell Preliminary Section

This section met on last Monday at the home of Mrs. I. D. Mills, with Mrs. Sarah M. Wilcox, vice-president, in the chair, owing to the absence of the president, Mrs. Mills.

Mrs. A. D. Clayton of 531 East First street, was in charge of the program, which consisted of a parliamentary drill. As Mrs. Clayton had thoroughly mastered the work she presented, the drill was a real benefit to everyone present.

In the absence of the secretary, Mrs. O. H. Hall, Jr., Mrs. Geo. S. Smith acted as secretary. The next meeting of this section will be held on Saturday, June 4, at 2:30 o'clock at Mrs. Mills' home.

Welcomed to New Home

The many friends of Mr. and Mrs. C. K. Worrell who regret their removal from Santa Ana to their new home in Pasadena, will be glad to read of the welcome that awaited them upon their arrival at that place this week. Their greeting was one of the pleasant features for which Mr. Worrell's family is noted in that locality.

When Mr. and Mrs. Worrell entered the new cottage they have been building at St. Nicholas Drive and Highland avenue, they found it had already been taken possession of by those who had planned a family reunion and house-welcome for them. The place had been made home-like by loving hands, a sumptuous banquet had been prepared, and they found themselves surrounded by dear ones who were happy to have them again in the family circle.

There were present, Mr. and Mrs. W. N. Worrell of Clarinda, Iowa, Mr. and Mrs. L. E. Worrell and son, Elmer, Mr. I. B. Worrell, Mr. and Mrs. Herman Dyer of Pasadena, and Mr. and Mrs. J. F. Church of Los Angeles. The home-coming feast was not only delightful but unique in the fact that the company included eleven brothers and sisters.

The good wishes of Santa Ana people attend Mr. and Mrs. Worrell and Mrs. Worrell's mother, Mrs. March, in their Pasadena home, and they may rest assured that the heartiest of greetings await them whenever they may return to visit their Santa Ana friends.

streets, yesterday afternoon, and held a very interesting meeting, of which the subjects were "Flower Mission," and reports from state convention. The program was in charge of Mrs. Florence Potter, local superintendent of the Flower Mission department. Miss Sarah Finley read the scripture lesson, and several prayers were offered. A song, "Flower Mission Day," composed by Mrs. Potter, was sung to the tune of "Onward Christian Soldiers." Mrs. Potter read several articles and spoke on "A Sane Fourth of July." Mrs. Swanner gave a talk on "Public Playgrounds for Children." The union voted to endorse any action taken in regard to a public playground, and a petition was circulated and signed, asking the council to make provision for playgrounds.

The state convention recently held in Los Angeles was a most interesting one, and was attended by many delegates from Santa Ana. The most interesting points of each session was brought out in the reports made yesterday by delegates as follows:

The opening day, Thursday, was given by Mrs. Norman, Friday by Mrs. Talcott, Thursday and Friday evenings by Mrs. Warren, Saturday by Miss Sarah Finley, Saturday evening's banquet, Sunday afternoon and night by Mrs. Stroupe, Monday, and the contest on Monday night by Mrs. J. E. Kellogg. After hearing these splendid reports each one felt as if they had missed a great deal by not attending.

The various temperance sections of the different Sunday schools of the city reported splendid addresses on Temperance Sunday. Mrs. Norman reported that Prof. Cranston made a fine talk at the Presbyterian Sunday school; Mrs. Stroupe reported that S. S. Finley addressed the Christian Sunday school; Mrs. Davies reported that Mr. Newman spoke at the First Methodist Sunday school; Mrs. Thursby reported that R. R. Smith made a talk to the Reformed Presbyterian Sunday school; Miss Sarah Finley reported that Attorney S. M. Davis spoke for the United Presbyterians; Mrs. White reported that Harry Lewis spoke for the First Baptists; Mrs. Talcott reported that Prof. Roberts spoke for the Congregationalists. All agreed that having speakers visit and talk to the Sunday schools on Temperance was one of the best ways of observing that day.

Mrs. E. B. Norman gave a report of the Woman's Parliament.

It was announced that Mrs. W. B.

Tedford, medal contest superintendent, will conduct a silver medal contest at Newport Beach on the evening of June 3. There will be eight contestants for the medal, and the contest will be held in the Baptist church. All who are interested in contest work are invited to attend.

The next W.C.T.U. meeting is to be an all day meeting at the home of Mrs. Klee, 1721 West Fourth street, near Artesia street. The members are requested to go to the home during the forenoon, and take with them thimbles and scissors, as sewing for the infant box, and other places where clothing is needed, will be done at this meeting. The ladies are also requested to take lunch with them. In the afternoon a program will be given, the subject being "Anti-Narcotics." The leaders of this meeting are Mrs. Ed. Tedford, Mrs. Klee, Mrs. Head, Mrs. Wilde and Mrs. Stennett.

Many beautiful bouquets were sent out yesterday to the sick and shut-ins of the city, to the hospitals and other places, all bearing appropriate scripture texts.

Lecture for Ebell

At the regular meeting of the Ebell in Elks Hall Saturday afternoon, 2:30, a lecture will be given by Mrs. Isabel Churchill of Pasadena. Her subject is "A Message from Meri." This promises to be a real treat, being the lecture that was given before the Woman's Parliament in Santa Barbara to the great satisfaction of all hearers.

Robbins-Garnett

A church wedding of unusual beauty was that solemnized last night at the First Baptist church, when Lowell, the cherished daughter of the pastor, Rev. J. H. Garnett, and wife, was united in marriage to Mac O. Robbins, only son of Mr. and Mrs. O. M. Robbins.

Magnificent decorations had transformed the church, and without taking from it any of the solemnity of a sacred edifice, had made it a veritable bower of floral beauty. Arching over the central aisle of the auditorium was a canopy of ferns, leading to the white draped steps and rostrum. The railing of the latter was banked with tiers of ferns and palms, and back of these arose white columns, each surmounted with magnificent Easter lilies. From a facade of ferns were suspended wedding bells of fern, each with a clapper of a single lovely lily. At intervals along the canopy covered aisles were great clusters of stately Shasta daisies, mingling with asparagus ropes that entwined the pews. Baskets of ferns and ropes of the trailing fronded asparagus adorned every available niche and softened the archway between the two auditoriums of the church. The Sunday school auditorium was exquisitely decorated with sweet peas, massed in huge bouquets or dotting screens of asparagus ferns that concealed doors and stairways. Masses of the fragrant peas were in the vestibule and the overhead balcony of the smaller auditorium. All that loving hands could do to produce a lovely and fitting environment for the marriage of the "Daughter of the Church" had been done, and beautiful was the result.

The solemn service opened with the swelling notes of the pipe organ when the organist of the church, Percy K. Lusk, played Mendelssohn's tender "Spring Song," and the ever-loved "Traumerl." The guests, filling the spacious church, assembled during the music numbers. As the families of the two principals in the wedding arrived, Miss Emmeline Petersen sang "Because" most sweetly. Then came a procession of white clad maids and matrons of honor, carrying ropes of asparagus fern, the procession forming on the church porch and filing into the church in two lines, through which the bride and groom entered the edifice. As they entered, a bevy of girls grouped on the flower-decked rostrum, sang in clear tones the "Bridal Chorus" from Lohengrin, and as the last notes died away, the bride and groom, unattended, ascended the white carpeted steps, and facing each other, ascended to the words of the ceremony that bound them together in love for a lifetime. The bride's father, Dr. Harry Lewis, standing on the familiar rostrum where for ten years he has spoken to his flock, pronounced the impressive and significant sentences that gave his daughter into another's keeping.

The fair and winning bride was a picture of gracious young womanhood, gowned in a tailored suit of white, with picture hat of white chip and ostrich plumes, and carrying a shower bouquet of lilies of the valley caught with streamers of filmy tulle. The bridegroom presented a manly figure as he bestowed upon his bride the wedding ring, the golden circlet of Fidelity.

When the impressive wedding scene was ended, an informal reception followed, the smaller auditorium being cleared for this purpose. After congratulations, uttered with mingled smiles and tears, the young bride with her husband ascended into the balcony above, from where she strewed her bouquet into the room below. In the merry melee that followed, the bridal couple stepped out of view and quietly started on a week's wedding tour. Miss Dorothy Duncan caught the dainty flowers thrown by the bride.

The maids and matrons of honor were Misses Grace Parker, Hazel Thomas, Minnie Gardner, Edith Cole, Grace Rittner, Jessie Flook, Lulu Minter, Jeanne Humphrey, Sallie Catland, Dorothy Duncan, Mildred Crosier, Catherine Wadell, Gladys Freeman, Grace Rowley; Mesdames Edith McPhee Bristol and Marian Lockett Lindsay.

Messrs. Ray Steadman of Santa Ana, Charles Fuller of Redlands, Avera Hoyt, Roger Palmer, John Hundley of Claremont, all college friends and classmates of the bride-

groom from Pomona college, were ushers.

Those who sang the bridal chorus were Misses Hazel Roberts, Hazel Rowley, Rose Rice, Ada Borden, Huatqua, Hossler, Faith Shaw, Mamie Havens, Ida Oderlin, Pauline Parsons, with Mrs. Ella I. Fyfe directing.

Out of town guests were Mr. and Mrs. Myers of Whittier, Mrs. Mowers and Beatrice Mowers of Salt Lake City; Mr. Van Vranken and daughter, of Los Angeles, Rev. A. M. Petty of Los Angeles, and Mrs. Anna Maise of Sacramento, sister of Mrs. Garnett.

The two young people just married command the highest esteem and affection of the community, and will begin their life together endowed with love and good wishes from all who know them. The bride is of a delightful character, and is identified with many social and church interests. Mr. Robbins is a young business man of high ability and standing, who is worthy of the fair girl who has taken his name. On their return Mr. and Mrs. Robbins will occupy the Randall cottage on North Bush street, where they will establish their new home.

Prize Waltz Dance

The Lotus Club of Orange will give a prize waltz dance at Barger's Hall on Thursday night of this week.

Joyous Maccabee Event

The Lady Maccabees last night had an unusually interesting meeting, receiving new members and honoring Miss Eva Williams with a miscellaneous shower. The evening's pleasures closed with a banquet.

Entertained Club

Mesdames J. S. Collings and K. B. Pierce were hostesses yesterday afternoon to the ladies of the North Side Club. This was a complimentary function as neither of these ladies are members of the club, and so delightful was the affair that the guests are highly appreciative of the pleasant courtesy.

Two interesting contests, one of musical and the other of historical character, enlivened the hours and tested the wits of the ladies. Mrs. Meacham and Miss Cook had equal scores in the musical diversion and cut for the prize, a pretty framed picture, Mrs. Meacham being successful.

The hostesses passed numbered slips among their guests, each slip being a part of a dissected line of poetry. The matching of these resulted in groups of four for the small tables where refreshments were served. A delicate pink was the color scheme in decorations and refreshments. The favors were little tripods of pink candy sticks under which were placed pink and white after dinner mints on dainty dollies. The ices and cake were in pink and were preceded by delicious salad, sandwiches and coffee.

Out of town guests were Miss Cook, of San Francisco, who is a house guest of Mrs. B. F. Beswick, and Mrs. Josephine Kennard of El Paso, who is visiting Mrs. J. A. Wilkins.

—Rev. Murkett will render "The Scene at Grande Point," from Geo. W. Cable's novel, Bonaventure, Wednesday evening at Elks' Hall, under the auspices of the Ladies Aid Society of the First Methodist church. Tickets, adults 35c, children 25c.

—Spend your summer's outing at Modjeska Mineral Springs (The Opp ranch). Four kinds of mineral water. Everything free for campers.

\$150,000 FOR HOLE'S RANCH

La Habra Property Sold to East

Whittier Man for Good

Figure

WHITTIER, May 24.—A real estate deal of some magnitude was announced here today, whereby John Scott, a well-known pioneer East Whittier rancher, acquires the W. J. Hole ranch of 160 acres in La Habra, just over the Orange county line. The Hole ranch has splendid improvements. The house is a beautiful mansion. The place has fifty acres of the highest quality of bearing Valencia oranges, seven acres of bearing navels, and fifteen acres in two-year-old Valencias. It stands close to the Puente Hills, in a most favorable location of the frostless belt. The place is piped, and has its own electric motor pumping plant. The selling price of the property is \$150,000, and the purchaser gets the crop, which is already contracted at a satisfactory figure. One hundred shares of water go with the ranch, ample for all purposes.

W. J. Hole, who is a pioneer in the development of this section, and was the selling agent for the Stearns Ranch Company, improved the place for his home, but later business interests caused him to locate in Los Angeles. Mr. Scott, the purchaser, has resided in that vicinity for twenty years, and is already the owner of over sixty acres of valuable citrus and ranch lands.

Do You Open Your Mouth

Like a young bird and gulp down what over food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle wrapper, what his medicines are made of and verifies by analysis. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Doctor Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

LOS ANGELES PRODUCE MARKET

Fifty boxes of early Alexander peaches arrived on the market yesterday morning. The peaches were not hard to sell at the prices at which they were offered, some as low as \$1.50. This on the third day of the peach season, since the first fruit of this variety arrived on the market only last Saturday. The distinction of having the earliest peaches in the state this year goes to the orchardists of Del Rey, a small station located not many miles north of Fresno. Apricots were very plentiful. Receipts of the same totaled more than 300 boxes. Prices remained at \$1.25 per lug box.

An excellent demand for local eggs was noticeable. Prices were firm at 28½ and 25½ cents a dozen. Receipts of eggs from local districts totaled 572 cases. There were a few sales of eastern seconds at 21 cents. These eggs are fresh, but of weak shell or interior texture and tre-cled out of other eastern shipments. Receipts of butter were 67,471 pounds. Lard and cooking stock were in special call. There were no changes in prices on the best butter, but the market was firm with the report of the Elgin market, which was ½ cent higher for the week to come. The San Francisco market was firm at 26½ cents.

Cheese receipts were 1131 pounds. Edam cheese for the first time in several weeks sold very well. The jobbing price was fixed at \$7.50 on this variety. Cream brick was the only good seller of the market.

Potato receipts were 411 sacks from the north. Local spuds were in fair demand and receipts were large. Shipments out were of good size and are the one thing that is keeping the market as high as it is at present.

There were no changes in onions and sales were scarcely up to normal. Receipts were only 20 sacks. There was a fair call for small white beans. No arrivals of this commodity were reported.

Cherries were not very firm. Royal Annes of extra fine quality were held at 11 and 12 cents a pound. Smaller stock of the same variety sold at 8 cents. Black cherries were not of very excellent quality and the market was down to 7 and 8 cents on much of this variety. Receipts were in the neighborhood of 600 boxes. Currants are arriving in good quan-

tities from San Francisco. They are packed in crates and are selling at about 8 cents a pound. Gooseberries are down to 7 cents a pound. There were no changes in the berry market.

Receipts of fish were not very heavy. Mackerel, sardines and kingfish were the choice ocean varieties on hand. Halibut and barracuda were plentiful. Shad were the only arrivals from the north.

Notice of Sale of Bonds

—Notice is hereby given that the directors of Newbert Protection District, in the County of Orange, State of California, have declared their intention to sell, on June 7th, 1910, at 3 o'clock p. m., bonds of said Newbert Protection District in the amount of \$92,500.00, being 250 bonds of said district, for \$370.00 each, of series and numbers following:

First Series: Thirteen bonds, numbered 1 to 13, inclusive, payable January 1st, 1919.

Second Series: Fifteen bonds, numbered 26 to 40, inclusive, payable January 1st, 1920.

Third Series: Seventeen bonds, numbered 56 to 72, inclusive, payable January 1st, 1921.

Fourth Series: Twenty bonds, numbered 91 to 110, inclusive, payable January 1st, 1922.

Fifth Series: Twenty-three bonds, numbered 131 to 153, inclusive, payable January 1st, 1923.

Sixth Series: Twenty-five bonds, numbered 176 to 200, inclusive, payable January 1st, 1924.

Seventh Series: Twenty-seven bonds, numbered 226 to 252, inclusive, payable January 1st, 1925.

Eighth Series: Thirty-three bonds, numbered 281 to 313, inclusive, payable January 1st, 1926.

Ninth Series: Thirty-seven bonds, numbered 346 to 382, inclusive, payable January 1st, 1927.

Tenth Series: Forty bonds, numbered 421 to 460, inclusive, payable January 1st, 1928.

All of which bonds were ordered issued by said board of directors at a meeting held by them September 3rd, 1907, in accordance with an election held in said district on the 24th day of August, 1907.

Said bonds are dated October 1st, 1907, and draw interest at the rate of six per cent per annum, payable semi-annually, on the 1st day of January and 1st day of July of each year. The principal and interest of said bonds are payable in gold coin of the United States, at the office of the County treasurer of Orange county, at the Court House in the City of Santa Ana, County of Orange, State of California.

Notice is hereby given that sealed proposals for the purchase of any or all of said bonds will be received by said Board of Directors at their office in Room 1 of the Commercial Bank Building, in the City of Santa Ana, County of Orange, State of California, till the 7th day of June, 1910, at 3 o'clock p. m., when and where said bonds will be sold.

The directors reserve the right to reject any and all bids.

House Caught Ablaze This Morning From Oil Stove On Porch

Piano Belonging to Music Company Lost—But Little Was Saved

Fire destroyed the home of J. C. Stearns and family at the corner of E and Second streets, Tustin, this morning about 9:45 o'clock. The house and practically all its contents were burned. A piano belonging to the Chandler Music Co. was lost.

Mrs. Stearns had an oil stove burning beneath a boiler of clothes, while she went to a neighbor's house. It is believed the heat from the stove ignited the wall, which was of light material. The house was old and papered, and burned rapidly, and when discovered by a neighbor it had great headway. All that was saved was a mattress and a dress belonging to Mrs. Stearns. The only person at home at the time the blaze started was J. F. Moore, father of Mrs. Stearns, and owner of the place. The piano in the house was rented from the Chandler Music Co.

The house was worth about \$1000 and the furniture about \$200, aside from the piano, which was new. It could not be learned today whether or not the house was insured. Mr. Moore stated that the man from whom he bought it a short time ago was carrying the insurance, but he did not know just how it stands now. The furniture was not insured.

LECTURES FOR POULTRYMAN

Next is to be Friday Evening This Week on How to Grade a Chicken

The Poultry, Pigeon and Pet Stock Association of Orange County is doing a good work among the poultrymen in this county. It has arranged for a course of lectures, one each month, subjects to be selected by the members. The lectures are very entertaining and instructive, as only persons fully qualified are engaged to deliver them.

The first lecture was by P. Cook of Los Angeles, who is connected with the Mammoth Hatchery of that city. His subject was "Incubation." Mrs. Harriet H. Berry of Monrovia, manager of the Pacific Poultry Craft, was also present at this meeting and made a fine talk on the subject of organization.

The second lecture was delivered by Dr. Royce of Los Angeles, a poultryman of considerable note. He is connected with the Pacific Poultry Craft as field editor. The subject selected for that evening was "Brooding," but he talked on the subject of poultry in general, and organization in particular. His talk was both entertaining and instructive.

The lecture for Friday night of this week will be held at the city hall, Santa Ana at 7:30 o'clock sharp. This lecture will be of more than usual interest as the subject selected is "How to Judge a Chicken." Judge J. L. Harrison of Pasadena has been engaged to lecture on this subject and his talk will be illustrated by actual demonstration as the executive committee have arranged to have a number of birds of different varieties on hand so Mr. Harrison can point out the bad as well as the good points of each specimen.

All persons interested in this subject, especially the ladies, are cordially invited to be present.
